

# DEDICATION

Our school has come a long way over the past eight years, and the most important figure behind all of our success is the man to whom we are dedicating our book this year. Dr. Joseph Marshall is a man of intergrity, spontaneity, energy and courage. His chief concern is the welfare of the student body and staff, ensuring the best for both.

Since he came to Warwick Academy, we have seen many of his ideas become realities; among them, two tennis courts, the Heritage Fair, and a swimming pool.

As he has done so very much for us, this is only a very small way of showing our gratitude.

# HEADMASTER DR. JOSEPH MARSHALL

In July you will leave Warwick Academy. Your Warwick Academy days are over. But in a larger sense Warwick Academy will be part of you forever.

It is unlikely that you will find youself again in an environment which is as caring as this one. For some of you that caring may have raised your displeasure, for at times it was manifest in a reasonable disciplone that asked you to live up to certain standards. For most of you, I hope, it was a source of encouragement and direction as it guided you along the road of adolescence and growth.

It is my hope that you will always take pride in your connection with this School. It is a venerable institution whose mission stretches back in history for nearly 31 decades.

Your heritage is a rich one; in what you do, enrich it, and your School will further. Then one day, years from now, future students will feel still greater pride because you, the Class of 1980, ennobled that heritage. Thus it has been since 1662; so let it be in your time.

Joseph M. Marshall, Headmaster.

## MORGAN HOUSE

This year Morgan House has become known for pulling together at the last moment. After a very successful Xmas term Sport's Day we have continued to work hard to make Morgan House the best House in the school. Persistence is one of our main qualities. We all want to reach the top. We are indebted to Ms. Hanlon and Mr. Chandler for the patience and encouragement which they have given to us. To them we want to dedicate this song - "Hopelessly devoted to you" . . . .

## RHODES HOUSE

Although we have not forced our house to do anything they did not wish to, I believe that we have come a long way. We have made a great deal of progress. After finishing in the final place last year, this year has been a different story. We have never been out of the top two places. We want to offer our thanks to Ms. Fullerton and Mr. King for the leadership which they have shown. After reading this Hit or Miss story the yearbook staff would like to dedicate this song to Rhodes House - "You can do it".

## ROBERTSON HOUSE

This year Robertson House set a new precedent by selecting 2 Junior House Captains - Karen Mullin and Craig Burt. We therefore had more organisers to set things straight. I guess it takes the smart Robertsonians to set the pace for others to follow. The House Captains would like to thank Ms. Burland and Mr. Monroe for their guidance and help throughout the year. Many thanks to all our House Members for co-operating with us even though at times you may have thought us tyrannical. We hope that you will support next year's Captains with the same enthusiasm and would like to dedicate this song to them "Let's hang on!".

## PATTON HOUSE

This year has been filled with many surprises. We began the year with great optimism believing that our House unity would carry us to victory. But alas! Despite the efforts of Ms. Douglas and Mr. Wurtak we are still a modest third in the House standings. We are young and energetic, proud of our house and eager to see Patten, rise like the Phoenix, reborn from the ashes of the other houses.

The Yearbook staff, after reading this fairy tale, have decided to dedicate this song to you "We are Family".

Close encounters of the Monroe kind.

"But, mom, we like Sunbeam's freshness!"

"Would you believe, I've never lifted a weight in my life!"

"Er, excuse me, Ugly. Would you please get out of my sunlight?"

"Niel, take your chewing gum out first!"

"In the beginning, God . . ."

Now you know why "Non-perfects not admitted"!

"I have no ties with Warwick Academy."

A woman alone in her field.

## THE NEW WARWICK ACADEMY SWIMMING POOL

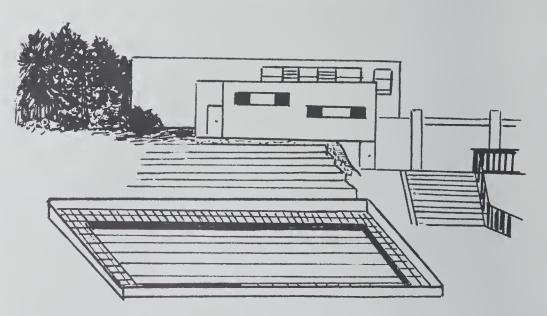

On November 20th, 1978, it was announced that the Board of Governors at Warwick Academy had agreed to the construction of a 25 by 14.5 metre swimming pool on the school property. The actual building of the pool began during the Xmas Term of 1979.

The site, by the Assembly Hall, has been cleared and the form of this new facility is slowly taking shape before our eyes. The pool is an "instructional" one geared to the needs pf our pupils and the entire community. Instruction will be given in basic strokes, life saving, competetive swimming, scuba diving and water polo. The pool will be under the supervision of a Swimming Pool Committee and our Aquatics Director.

We are the first school in Bermuda to have such a facility and also the first to have an Aquatics Director.

The cost of the new pool is well over \$100,000 which has to be raised by the pupils and the Swimming Pool Committee. We have had donations from ex-pupils, parents and businesses. We have raised cash from bake sales, car washes and trashathons. Our most ambitious money-raising project will be the Heritage Fair. If all goes according to plan it is hoped that the new pool will be open by the beginning of the 1980 Xmas Term.

# THE ORCHESTRA AND BAND

WARWICK ACADEMY AND ITS MUSICIANS

This year there are three string classes and two wind classes. IM, 2M and 5M are all string players; 3M and 4M are wind players, The Senior Orchestra is composed of forms 4M and 5M, with selected players from IM and 2M who are more advanced by reason of having learned to play in Junior schools.

The Senior Orchestra is the one best known outside the school. It has made programmes for T.V., and it plays at Prize Day ceremonies. It has a very high standerd of musicianship, and we are proud of it. Many former and present members play also with the Bermuda Philharmonic Youth Orchestra and the Bermuda Philharmonic.

In addition, the Concert Band (3M and 4M) plays at various outside functions like the Agricultural Exhibition. There is also the Junior Orchestra (2M and 3M). All these groups play regularly in morning assemblies.

From year to year "Just Passing Through" has succeeded in producing a worthwhile and enjoyable book. This year we feel that we have chosen a fantastic staff and without their help and co-operation we would not have come this far.

A lot of time and unseen work goes into the production of this Yearbook. A great deal of work is done by our advisors and we would like to thank them for their encouragement and direction. Finally, on behalf of everyone on our staff we would like to convey our best wishes to the graduates of 1980.

### TELEPHONES are people . . .

... people talking to other people about business and pleasure - and behind the telephones are more people - people installing and repairing telephones - people maintaining the multi-million dollar exchanges - people on the switchboards connecting you to business colleagues or loved ones overseas - people sending out bills and receiving payment - people putting up wires and putting down cables.

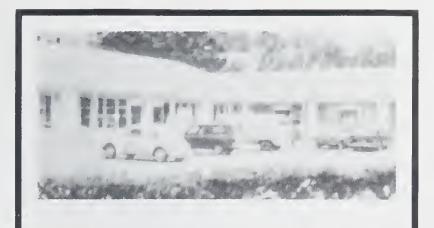

HAVE YOU GOT WHAT IT TAKES TO BE ONE OF OUR PEOPLE?

If you think so, why not call our people in the PERSONNEL DEPARTMENT, 5-1001, extension 141 - or better still, call in and talk to them on the TOP FLOOR, CEDARPARKADE BUILDING, Cedar Avenue.

## We are interested in seeing you now!

We may be Bermuda's largest banking institution but let us say right here and now that we are looking forward to seeing you before you become rich and famous. Because that's when we can help the most ... and that's when you can best use our help.

So whether you're opening your first account ... looking for a career in banking ... or would just like some sound financial advice ... come and see us first.

#### Congratulations To The Graduating Students Of 1980

"You can watch T.V. or go to the movies, but inside your head you have a T.V. screen and a movie screen and an artist's canvas all ready to be put to work.

When you read a book you can paint pictures or invent T.V. programs and do all kinds of things inside your head you can't do outside.

You can turn it on when you want it, and turn it off when you don't want it, and it's in colour too. That is something only books can give you.

You can go to the library, take a book and read it and bring it back, and unlike a snack or soft drin that is empty when you finish it, the book is as full as it was when you started; you can never take the insides out of it.

"Better still: if you buy the book, you have it with you always!"
